

No. 64-091

7 July 1964

Dear Don:

STATINTL      Attached is  letter of 23 June 1964 which is a detailed breakdown of spare parts delivered under our Contract FI-5777. I don't know what your responsibilities have been with respect to spare parts received at the A/P facility but in all probability you have taken part in the action. Would you, therefore, take a look at this list from a receiving standpoint and merely indicate on the bottom of the letter that these parts in fact have been received at the facility. You can shoot back to me the same copy of the 23 June 1964 letter.

Sincerely,

/s/
